### **About BTCS Inc.**

BTCS Inc. (“BTCS” or the “Company”), short for Blockchain Technology Consensus Solutions, is a U.S.-based Ethereum-first blockchain technology company committed to driving scalable revenue and ETH accumulation through its hallmark strategy, the DeFi/TradFi Accretion Flywheel, an integrated approach to capital formation and blockchain infrastructure. By combining decentralized finance (“DeFi”) and traditional finance (“TradFi”) mechanisms with its blockchain infrastructure operations, comprising NodeOps (staking) and Builder+ (block building), BTCS offers one of the most sophisticated opportunities for leveraged ETH exposure, driven by scalable revenue generation and a yield-focused ETH accumulation strategy. Discover how BTCS offers operational and financial leveraged exposure to Ethereum through the public markets at [www.btcs.com](http://www.btcs.com).
